

Preliminary
PROGRAMME

ICT 2025

29th International Congress
on Thrombosis
Porto, Portugal

6-8 November 2025
Sheraton Hotel

European and Mediterranean League
Against Thrombotic Diseases

Committees

Organising Committee

João Morais, Portugal | ICT 2025 Chairperson

Luciana Gonçalves, Portugal | ICT 2025 Chairperson

Daniel Caldeira, Portugal

Filipe Gonçalves, Portugal

Francisco Araújo, Portugal

Miguel Barbosa, Portugal

Silvia Monteiro, Portugal

Teresa Padró, Espanha

Scientific Committee

Alexandros Tselepis, Greece

Ana Bronic, Croatia

Anna Falanga, Italy

Bianca Rocca, Italy

Bruna Gigante, Sweden

Cristina Gavina, Portugal

Désirée Coen Herak, Croatia

Diana Aguiar Sousa, Portugal

Eduardo Oliveira, Portugal

Gemma Vilhaur, Spain

Georgia Kaiafa, Greece

Gili Kenet, Israel

Gregor Tratar, Slovenia

Hrvoje Budincevic, Croatia

Ileana Desormais, France

Ismail Elalamy, France

Joana Liz Pimenta, Portugal

José Ramon Juanetey, Spain

Juan Tamargo, Spain

Lina Badimon, Spain

Mojca Bozic, Slovenia

Rafaele De Caterina, Italy

Ricardo Fontes-Carvalho, Portugal

Rui Medeiros, Portugal

Sérgio Barroso, Portugal

Teresa Padró, Spain

Ton Lisman, The Netherlands

Vittorio Pengo, Italy

Faculty

Alexandros Tselepis, Greece

Ana Bronic, Croatia

Anna Falanga, Italy

Ana Luísa Areia, Portugal

Ana Teresa Timóteo, Portugal

Andrea Rubboli, Italy

Andrés Muñoz Martín, Spain

Ângelo Carneiro, Portugal

Bianca Rocca, Italy

Carlos Vasconcelos, Portugal

Christos Savopoulos, Greece

Cláudia Moreira Jorge, Portugal

Cristina Gavina, Portugal

Daniel Caldeira, Portugal

Daniel Ferreira, Portugal

Désirée Coen Herak, Croatia

Diana Aguiar de Sousa, Portugal

Diana Cibeles Gonçalves, Portugal

Dimitrios Sagris, Greece

Eduardo Oliveira, Portugal

Elif G. Umit, Turkey

Erik Grove, Denmark

Ester Ferreira, Portugal
Eva Mingot, Spain
Filipa Bargado, Portugal
Filipe Gonçalves, Portugal
Francisco Araújo, Portugal
Francisco Moscoso Costa, Portugal
Georgia Kaiafa, Greece
Gilli Kenet, Israel
Gregor Tratar, Slovenia
Heleen van Ommen, The Netherlands
Hrvoje Budincevic, Croatia
Hugo ten Cate, The Netherlands
Ileana Desormais, France
Ismail Elalamy, France
Joana Liz Pimenta, Portugal
Joana Martins Pimenta, Portugal
João Morais, Portugal
João Sargento Freitas, Portugal
Joaquim Calado, Portugal
Jorge Ferreira, Portugal
José Luis Ferreiro, Spain
José Ramon Juanatey, Spain

Faculty

Juan Tamargo, Spain

Lídia Costa, Portugal

Lina Badimon, Spain

Luciana Gonçalves, Portugal

Maria João Carvalho, Portugal

Marijo Vodanović, Croatia

Miguel Barbosa, Portugal

Miguel Nobre Menezes, Portugal

Moa Simonsson, Sweden

Mojca Božič Mijovski, Slovenia

Nikolaos Kakaletsis, Greece

Nuno Farinha, Portugal

Omri Cohen, Israel

Raffaele De Caterina, Italy

Rita Calé, Portugal

Roberto Roncon, Portugal

Rui Medeiros, Portugal

Scott Kaatz, USA

Sérgio Barroso, Portugal

Silvio Leal, Portugal

Simon de Meyer, Belgium

Sofia Teixeira, Portugal

ICT 2025

Teresa Padró, Spain

Teresa Sevivas, Portugal

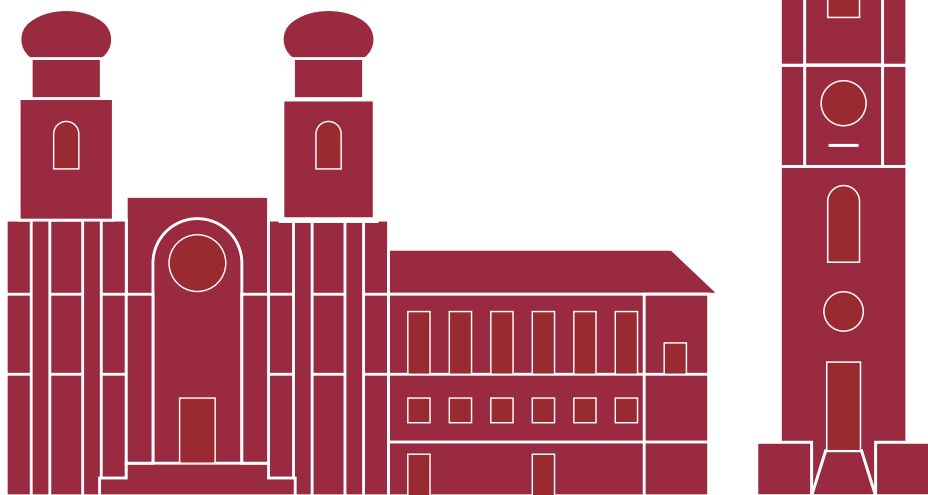

Tiago Taveira, Portugal

Valéria Tavares, Portugal

Vittorio Pengo, Italy

Walter Ageno, Italy

Yves Gruel, France

DAY 6 | MEETING ROOM A

14:00 | 14:30

Welcome address

14:30 | 16:00

Cancer Associated Thrombosis - I

- Cancer-associated thrombosis - epidemiology
Sérgio Barroso
- Risk assessment models for VTE in cancer patients
- Cancer-associated thrombosis and thrombocytopenia - Therapeutic challenge | **Gregor Tratar**
- VTE and mortality in hematological malignancies
Ismail Elalamy
- Treatment of CAT: role of Factor XI inhibitors
Filipe Gonçalves

16:00 | 16:30

Coffee break and poster exhibition

16:30 | 18:00

Thrombophilias, genetic disorders

- Update on inherited thrombophilias | **Francisco Araújo**
- Acquired thrombophilias: the other side of the spectrum | **Carlos Vasconcelos**
- Coagulation and fertility: the role of thrombophilia
Filipa Bargado
- Can DOACs play a role in inherited thrombophilia?
Ileana Desormais
- Thrombophilia: from phenotype to genotype
Ismail Elalamy

18:00 | 18:30

Moderated Posters

DAY 6 | MEETING ROOM B

14:30 | 16:00

Mechanisms of thrombosis

- Visceral adiposity and increased thrombotic risk. Is the next therapeutic target? | **Teresa Padró**
- Platelets in thrombosis and inflammation following trauma injuries | **Ana Bronic**
- Clonal hematopoiesis and the risk of thrombosis
Elif G. Umit
- Innate immunity and neutrophil's role in atherothrombosis | **Dimitrios Sagris**

16:00 | 16:30

Coffee break and poster exhibition

16:30 | 18:00

From lytics up to mechanical thrombectomy

- Mechanical thrombectomy vs catheter-directed thrombolysis for venous thromboembolism
- Modern treatment of pulmonary embolism in high risk patients | **Rita Calé**
- Thrombolysis in acute ischemic stroke. An update
Hrvoje Budincevic
- Mechanical thrombectomy with or without lytics in acute ischemic stroke | **Ângelo Carneiro**
- Composition of stroke thrombi | **Simon de Meyer**

18:00 | 18:30

Moderated Posters

DAY 7 | MEETING ROOM A

09:00 | 10:00

Moderated posters

10:00 | 11:00

Joint Session EMLTD - Portuguese Association of Thrombosis and Haemostasis

Thrombotic diseases in child and young adults

- Pediatric thrombosis: Why, when | **Teresa Seivivas**
- Thrombosis in pediatric ICU patients | **Heleen van Ommen**
- Use of DOACs in pediatric patients | **Lidia Costa**
- Thromboprophylaxis in children with cancer
Nuno Farinha

11:00 | 11:30

Coffee break and poster exhibition

11:30 | 13:00

Joint Session EMLTD - Portuguese Association of Thrombosis and Haemostasis

Women, hormones and pregnancy

- Thrombosis in pregnancy: mechanisms and underlying risk factors | **Ana Luísa Areia**
- Thrombophilia testing and thromboprophylaxis in the obstetric setting | **Sofia Teixeira**
- Anticoagulation therapy in pregnancy. Managing risks
Diana Cibeles Gonçalves
- Hormone therapy and thrombosis | **Maria João Carvalho**

13:00 | 14:00

Lunch time and sponsored sessions

DAY 7 | MEETING ROOM A

14:00 | 14:30

Keynote lecture: Anticoagulation Stewardship – A Call to Action | Scott Kaatz

14:30 | 16:00

Cancer associated thrombosis - II

- Endothelial dysfunction in cancer
- Approach to tumoral thrombosis | **Joana Liz Pimenta**
- Cancer-associated thrombosis and immune checkpoint inhibitors: update | **Miguel Barbosa**
- Genetic markers of Cancer - associated thrombosis
Valéria Tavares
- Thrombotic risk versus haemorrhagic risk - strategies
Andrés Muñoz Martín

16:00 | 16:30

Coffee break and poster exhibition

16:30 | 17:30

Thrombotic risk in platelet disorders

- Immune thrombocytopenic purpura | **Eva Mingot**
- Rapid determination of ADAMTS13 – implication for the prompt diagnosis of TTP | **Désirée Coen Herak**
- Treatment options of immune and congenital TTP
Marijo Vodanović
- Platelet function testing: update and future directions

17:30 | 18:30

Case based session **Challenges in our daily clinical practice**

18:30

EMLDT - General Assembly

DAY 7 | MEETING ROOM B

09:00 | 10:00

Meet the scientist **What I'm doing on my research**

10:00 | 11:00

Laboratory monitoring of haemostasis

- Inter-laboratory comparability of anti-Xa for measuring blood concentrations of oral anti-Xa inhibitors
Mojca Božič Mijovski
- Global coagulation assays: is there a role in thrombosis risk evaluation
- Thrombin generation assay: from research to clinical use
Désirée Coen Herak
- Lupus Anticoagulant: a puzzling laboratory test
Vittorio Pengo

11:00 | 11:30

Coffee break and poster exhibition

11:30 | 13:00

Bleeding and hemorrhagic disorders

- Anemia and bleeding issues in women
- Novel treatments of bleeding disorders-are we increasing the risk of thrombosis? | **Gilli Kenet**
- How to resume anticoagulants after an episode of severe bleeding
- Antithrombotic therapy in patients at high bleeding risk
Erik Grove
- High bleeding risk definition | **Moa Simonsson**

13:00 | 14:00

Lunch time and sponsored sessions

DAY 7 | MEETING ROOM B

14:00 | 14:30

Keynote lecture: Cancer-associated thrombosis: pathophysiology complexity | Rui Medeiros

14:30 | 16:00

News on antithrombotic therapy - I

- Factor XI inhibitors – premises, promises and challenges
Juan Tamargo
- Cardiogenic shock, a permanent challenge to antithrombotic therapy | **Jorge Ferreira**
- Stopping anticoagulation at the end of life
- Perioperative management of anticoagulant and antiplatelet therapy | **Luciana Gonçalves**
- How to handle high bleeding risk patients in the cath lab
Andrea Rubboli

16:00 | 16:30

Coffee break and poster exhibition

16:30 | 17:30

Atrial fibrillation a good model to test antithrombotic strategies

- How to assess thromboembolic risk beyond classical risk scores? | **Ana Teresa Timóteo**
- Role of DOACs in patients with asymptomatic subclinical AF detected by device | **Daniel Caldeira**
- Antithrombotic treatment in ACS with coexisting atrial fibrillation | **Raffaele De Caterina**
- How to organize an integrative clinical patient care pathway | **José Ramon Juanatey**

17:30 | 18:00

Controversy: Factor XI inhibitors will replace DOACs in the near future

Pros and Cons

DAY 8 | MEETING ROOM A

08:30 | 09:30

Oral Communications

09:30 | 10:00

Keynote lecture: Advances in cerebral venous thrombosis | Diana Aguiar de Sousa

10:00 | 11:00

DVT and pulmonary embolism

- Diagnosis and treatment of splanchnic vein thrombosis
Walter Ageno
- Prolonged treatment after VTE – which drugs to which patients? | **Joana Martins Pimenta**
- ACT for thrombosis of unusual sites - to DO(AC) or not to DO(AC) | **Omri Cohen**
- Thrombosis in multiple myeloma patients (use of PRISM SCORE) | **Anna Falanga**

11:00 | 11:30

Coffee break and poster exhibition

11:30 | 13:00

Joint Session EMLTD - Portuguese Society of Cardiology

Old and new issues in Thrombocardiology

- Which is the optimal duration of dual antiplatelet therapy after ACS | **João Morais**
- Clinical effects of twice - versus once-daily low-dose aspirin | **Bianca Rocca**
- Antithrombotic management after non-coronary interventions | **Eduardo Oliveira**
- Prosthetic heart valves. What changed in terms of thrombotic risk? | **Cristina Gavina**
- Antithrombotic drugs for ACS in women
Cláudia Moreira Jorge

DAY 8 | MEETING ROOM A

13:00 | 14:00

Lunch time and sponsored sessions

14:00 | 14:30

Keynote lecture: Obesity, inflammation and thrombosis | **Lina Badimon**

14:30 | 16:00

News on antithrombotic therapy - II

- Novel antiplatelet and anticoagulant drugs under clinical development | **José Luis Ferreira**
- Is there still room for oral anticoagulants after ESUS in sinus rhythm? | **João Sargento Freitas**
- Aspirin for primary cardiovascular prevention. Is there still a role? | **Nikolaos Kakaletsis**
- Bentracimab significantly restored platelet function in patients taking Ticagrelor
- Antithrombotic strategies for patients with peripheral artery disease

16:00

Closing Session

DAY 8 | MEETING ROOM B

08:30 | 09:30

Oral Communications

09:30 | 10:00

- **Keynote lecture: Thrombosis, translational medicine and biomarkers research** | **Hugo ten Cate**

10:00 | 11:00

Immunothrombosis: molecular aspects and perspectives for therapy

- Complement and coagulation. Strangers or partners in crime? | **Georgia Kaiafa**
- Trauma and sepsis induced coagulopathy | **Ana Bronic**
- How to balance bleeding and thrombosis in patients on LVAD | **Roberto Roncon**
- Anti PF4 antibodies: not only VITT and HIT | **Yves Gruel**

11:00 | 11:30

Coffee break and poster exhibition

11:30 | 13:00

Topics to think, topics to react

- Antiphospholipid syndrome. A continuous challenges to the clinicians | **Ester Ferreira**
- The role of NETs in atherothrombosis
Alexandros Tselepis
- D-dimer assay: over-testing in VTE?
Christos Savopoulos
- Hemostasis and anticoagulation in progression of kidney disease | **Joaquim Calado**

13:00 | 14:00

Lunch time and sponsored sessions

DAY 8 | MEETING ROOM B

14:00 | 14:30

Keynote lecture: Virus, vaccines and haemostasis: looking through the evidence | Yves Gruel

14:30 | 16:00

The role of Artificial Intelligence (AI) and machine learning

- The AI co-pilot: a new ally against thrombotic diseases
Daniel Ferreira
- Applications of Artificial Intelligence in the context of Thromboembolism | **Tiago Taveira**
- AI in atrial fibrillation: from early detection to precision therapy | **Francisco Moscoso Costa**
- AI applied to the diagnosis of coronary artery disease
Miguel Nobre Menezes
